When you choose the off-campus url you are required to “authenticate,” – to show you are a student with rights to use the database.
It works best when you follow directions. The library card # is the 14 digit number on the back of your student ID. If you don’t have one, email or call the Library.
Start here with a keyword search. If you begin in the Advanced Search screen, you’ll be able to pick up the other things you’ll want to do: limit your results to Evidence-Based Practice, and Full-text.
